HOROSCOPES

* If December 5th is Your Birthday...

Share love and relax over holidays, before January profits roll in. Career growth comes from collaborative partnerships. A creative spurt leads to late summer blastoff. Search out passion & infuse it into your work.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19)

oday is a 7 -- Mercury enters Sagittarius (until 12/24); you see (and can articulate) a broader perspective. Share it in person, via email or social media, and get the word out in bold letters.

Taurus (April 20-May 20)

oday is an 8 -- It's time for adventure time. Try something new, or explore areas you normally avoid to discover something you didn't know about yourself. Set long-range educational goals over the next two days.

Gemini (May 21-June 20)

oday is a 7 -- For three weeks with Mercury in Sagittarius, communication with your partner is more direct and easy. Rely on others. Choose participation over isolation. Expand your bankroll.

Cancer (June 21-July 22)

oday is an 8 -- For the next three weeks, expand your sphere of understanding. Let yourself get persuaded to participate. Your work becomes more interesting.

Leo (July 23-Aug. 22)

oday is a 9 -- For the next three weeks, you're even smarter than usual, and especially good with words. Get disciplined (especially today and tomorrow) about your health, diet and exercise.

Virgo (Aug. 23-Sept. 22)

oday is a 7 -- For the next three weeks, improve things at home, especially through communication. Stay out of somebody else's battle. Focus on household renovation and get the best quality. Shop carefully!

Libra (Sept. 23-Oct. 22)

oday is a 6 -- For the next three weeks with Mercury in Sagittarius, reconsider assumptions. You're especially bright, witty and persuasive. Stand up to a critic. More study will be required.

Scorpio (Oct. 23-Nov. 21)

oday is a 7 -- It could get easier to spend over the next three weeks, so think before handing over that card. Get only what you need and go for the best quality.

Sagittarius (Nov. 22-Dec. 21)

oday is a 9 -- Ask probing questions to deepen your studies, which expand through communication over the next three weeks. The action is behind the scenes. Enjoy new developments.

Capricorn (Dec. 22-Jan. 19)

oday is a 9 -- For the next three weeks, realizing dreams goes easier. It's a philosophical phase, and what you learn could have volatile moments. A female brings beauty into your home.

Aquarius (Jan. 20-Feb. 18)

oday is a 6 -- For the next three weeks, consider all possibilities and discuss them. Group participation gets powerful results. Confer with others and discover views that ring true. Plan carefully.

Pisces (Feb. 19-March 20)

oday is a 7 -- For three weeks, what you say impacts your career directly. Answers lead to new questions. Your assets are gaining value. Don't deplete resources.
