If you're renting a Zipcar, you can post your ride on Zimride and share the cost!

## Need a ride?

Zimride is a private network for UNC Chapel Hill, and it's free to use! Whether it's a ride to campus or a trip to the beach, Zimride will match you up with a Tar Heel driving the same direction.

## Have a car?

Zimride lets you offer the empty seats in your car to other students looking to share a commute or road trip. Just post your ride and Zimride does the matching. You save money and help the environment at the same time!
