HOROSCOPES

If February 18th is Your Birthday...

This could be a very romantic year. You have great opportunities to find balance between work, play, love, exercise, community service and school. It seems like you may not even have time to be bored. Therefore, when boredom shows up, you'll appreciate it.

To get the advantage, check the day's rating: 10 is the easiest day, 0 the most challenging.

Aries (March 21-April 19)
 Today is an 8 - The full moon looks especially romantic today. Don't forget to take some time off from your busy life to enjoy the night sky. Drink in all the abundance.

Taurus (April 20-May 20)
 Today is a 6 - Notice little pleasures, and let them soak in. You're especially creative today. Don't let preconceptions block new ideas from arising. Things may not be as they seem.

Gemini (May 21-June 21)
 Today is a 6 - The next four weeks are full of possibilities. Today is time to stay at home and take care of yourself and your loved ones. Share something delicious together.

Cancer (June 22-July 22)
 Today is a 6 - As you encounter walls along your way, you may want to throw your hat over them. You may lose your hat. Nevertheless, the pursuit is worth the risk.

Leo (July 23-Aug. 22)
 Today is an 8 - Possibilities for investment come your way. Be careful to distinguish between real opportunities and those that would lean on you more than necessary.

Virgo (Aug. 23-Sept. 22)
 Today is an 8 - You feel revitalized, in the mood to jump fences and surpass obstacles. Today is your day, and others know it. Smile, and dive into the race. Go for the medal.

Libra (Sept. 23-Oct. 22)
 Today is a 5 - You can look at all the limitations and clutter in the way, or you can focus on the opportunities with all of the open space around and in between. It's your choice.

Scorpio (Oct. 23-Nov. 21)
 Today is an 8 - You have a vision, now put it in action. Don't try to take the easy way. There's no cheese down that tunnel, nothing to learn. You've been there.

Sagittarius (Nov. 22-Dec. 21)
 Today is a 6 - If you feel somehow stifled, take the time today to explore your options and see what's next. Don't make sudden decisions (you may later regret). Just consider.

Capricorn (Dec. 22-Jan. 19)
 Today is a 6 - Your imagination could play tricks on you. A female has a question. Propose any changes gently. Postpone travel until tomorrow and research the data.

Aquarius (Jan. 20-Feb. 18)
 Today is a 7 - The full moon could represent growth in your career or love life, and not without some extraordinary excitement. Where does your heart currently lie?

Pisces (Feb. 19-March 20)
 Today is a 9 - The full moon shines on your career path, opening new doors to productivity. Jump over whatever walls get in the way, and let others follow.
