

## ENTITLEMENTS

The following permits and approvals have been secured for the development of Sandy Point. Issue dates, expiration dates and, where appropriate, extended expiration dates<sup>1</sup> are shown:

- Non-Discharge Permit (Wastewater Treatment Plant/WWTP) issued by North Carolina Division of Water Quality for the treatment and disposal of wastewater
  - Issue date: April 3, 2006
  - Published expiration date: March 31, 2011
  - Extended expiration date: March 31, 2015
  
- Erosion and Sedimentation Control Plan (WWTP) issued by the Division of Land Resources
  - Issue date: February 22, 2006 – no expiration
  
- High Density Stormwater Permit issued by North Carolina Division of Water Quality for the first phase of development
  - Issue date: April 18, 2006
  - Published expiration date: April 18, 2016
  - Extended expiration date: June 1, 2020
  
- National Pollutant Discharge Elimination System Permit (NPDES) issued by North Carolina Division of Water Quality
  - Effective date: June 1, 2007
  - Published expiration date: June 14, 2011
  - Extended expiration date: December 31, 2015

---

<sup>1</sup> The North Carolina General Assembly passed legislation in 2009 and again in 2010 that tolls the running of permit periods and, as a consequence, extends the expiration dates of state and local development permits. See NC Senate Bill 831 (August 2009) and House Bill 683 (July 2010).

- 
- Erosion and Sedimentation Control Plan for West Side/harbor development issued by the Division of Land Resources
