Latest Commodore Record Releases at Ab's Boo

VICTIM

(Continued from first page)

The board of Elders and a member of the University chemistry department, said the meeting was called to secure protection of the church property and that Chief W. T. Sloan of the Chapel Hill police department was requested to give protection to the property.

Rev. Jones, who has taken an active part in inter-racial affairs of the community, was not available for comment yesterday because of a previous engagement in Greensboro. However, three student roomers at his home said that the minister would be ready to release a complete statement concerning his part in the affair upon his return to Chapel Hill today. It was emphasized that Mr. Jones' leaving yesterday was not connected with the racial situation.

Graham Talks to Chief

University President Frank P. Graham, a member of the Board of Elders, was attending a meeting of the Harvard club in Raleigh at the time of the board meeting, but talked with the police chief yesterday morning concerning the racial incidents. He said that Sloan assured him as a citizen of Chapel Hill that full police protection would be given to any and all citizens regardless.

Graham said that he had entire confidence in Chief Sloan's assurance.

CAMPUS CALENDAR
