## Welcome to Carolina!

You will soon discover the award-winning gourmet food and gift store, Southern Season. We have been a favorite for students and their parents for over 40 years, and people come from long distances to experience what will become your destination for all gourmet food and drink.

Our restaurant is rated as the best Sunday Brunch spot in the area. Weathervane Restaurant and Patio is a great place to bring your parents, and you are sure to find it is an affordable and romantic place to take a date.

We are here to help make you feel at home in Chapel Hill, so stop in to stock your dorm with favorite hard to find foods and snacks. Our Gift Department is also a great choice for parents sending care packages when you're battling homesickness or exams. Bring them here and we will share with them how to send you a monthly care package, and you can tell us what to include. We look forward to having you as part of the Chapel Hill family.
