Team,

Thanks for coming out to the pit today. I had a blast and I hope you did too. And we got some more good press coverage! Straight from today's [Kvetching Board](#), **"Shoutout to Andrew Powell for singing "Let It Go" in the Pit like a real man. You earned my vote for SBP."**

You know what that means - we got at least one more vote today!! So I'd call it a successful day. Realistically I was just lip syncing as Johnson belted it out... but I'm happy to take the credit :)

Next, I'm very excited to announce that the Blended Learning video is complete! Here she is: <http://www.youtube.com/watch?v=wI7LRCT0Xs&feature=youtu.be>. You know the drill - share far and wide!

Finally, our teammate Tyler Jacon, who is a current student government insider, has written a statement that we think is worth sharing. He had submitted it as a Letter to the Editor to the DTH, but they said they were not running any campaign endorsement letters. So, instead, we'll try to get the word out through social media. Please find his post "Common Sense Solutions" on my [Facebook page](#) and share it as well.

Thanks!
Andrew

PS - You should also check out Allie Polk's series of posts.. very clever, and many have cute animals in them too. Highly recommended for your viewing and sharing pleasure.
