Recommendations

- Comprehensive response to human trafficking—3 Ps (prevention, protection, prosecution)
- Build capacity to identify victims of trafficking (health workers)
- Move beyond immediate, emergency care into reintegration and recovery programs
- Involve people who were victims of trafficking for sexual exploitation in policy and program design and implementation
- Promote regular migration flows
- Protect the human rights of all migrants
- Improve access to health information and services for migrants regardless of status
- Promote the human rights of HIV+ migrants regardless of their status
- Integrate HIV and AIDS services into other health activities for trafficked persons (e.g. reproductive health, violence against women)
- International cooperation—innovative strategies to ensure continuous access to treatment and other services
