Team,

I just got a call from Al Jazeera America that they are doing a national news story about the student body president race. They may be at the debate tonight to get some footage, and we're coordinating an on-camera interview for tomorrow. I'm not sure that they will be there tonight, but if not tonight they'll be there tomorrow for the Di Phi debate.

If you are free tonight from 7:30-8:30, please come to the debate. It should be fun, and your support will be really helpful. It's in Bingham 317.

Hope to see you there,  
Andrew
