Hi Sharessa and Alexis,

Thank you so much for helping the campaign by sending these two emails. Here is a blurb I wrote up that Sharessa could send. Feel free to change it how you see fit - I just wanted to get you started on a draft and hopefully save you some time.

Thanks so much!  
Andrew

Hi everyone,

I am writing to encourage all of you to vote for Andrew Powell for Student Body President today. Andrew is a very strong candidate with tangible proposals to address the biggest challenges facing our University - including affordability, sexual assault, minority retention, and course scarcity. He has received endorsements from groups all over campus and has the support of both previous SBP candidates, Nikita Shamdasani and Winston Howes.

Andrew is committed to building a university where every student from every background has a chance to thrive. But he needs our help - and your vote - to make that happen.

If you want to learn more, you can visit his website: [powellforsbp.com](http://powellforsbp.com) or watch any of these videos:
